

SUPERIOR TILING – POLYMER BINDERS IN ADHESIVES

Aims

During the 1-day intensive program, you will learn about the many advantages of the modern thin-bed technology and how to work with it in practice. The practical work in the laboratory will help you understand the application process better and at the same time will expose you to different aspects of better tiling. Additionally, during the interactive session, participants get the opportunity to discuss this new technology and ask questions which will be effectively handled by our experts.

Target Group

Tile adhesive applicators and contractors, builders and developers

Contents

- Advantages of polymer modified cementitious tile adhesives on very smooth substrates and highly dense modern tiles
- Comparison of thick-bed vs. thin-bed technologies
- How to work with thin-bed technology best in practice
- Effective working with tile grouts
- How to provide tile adhesives and grouts with flexible, non-slump and water resistant properties
- Introduction to testing standards, application method, testing of bond strength, open time, workability etc.
- Role of polymer modified tile adhesive & tile grout in swimming pool application
- Role of polymer modified cementitious tile adhesives and grouts to reduce staining on tiles.

Instructors

The members of our WACKER ACADEMY trainer team are Technical Service Managers who collected specific knowledge and extensive experience during their long lasting work at WACKER.

From their start of the career they have been involved with training and educational activities as well as training norms and guidelines.

Our lab trainers, who are responsible for the practical side of our seminars, have also large experience in developing formulations and test procedures.

Our whole team is working to completely fulfill your expectations and is eager to answer all your individual questions and concerns.

Requirements

Basic knowledge of chemistry

Dates

Current dates can be found on our website!

Duration

1 day

Location

**WACKER ACADEMY,
Goregaon, Mumbai**

Fees

Charges applicable

Number of Participants

5 - 20
