

ENERGY EFFICIENT FACADES WITH WACKER CONSTRUCTION CHEMICALS

Our expertise

WACKER POLYMERS is the world's market leader in Dispersible Polymer Powders for the drymix mortar industry. For over 50 years we are innovating in providing the right solutions for the key players in this segment. Our involvement in the standardization process is our initiative in pushing the industry towards high quality products which can sustain over time.

Training concept

A two day seminar with a mix of theoretical and practical demonstration of the main pillars of ETICS and the main benefits of using VINNAPAS® Dispersible Polymer Powders and SILRES® products.

- Theoretical training
- Test methods and main standards
- Practical demonstration

Content

- The importance of the Facade
- What is ETICS and why using it
- VINNAPAS® and SILRES® grades and formulation setup
- Main requirements and standards
- Market-oriented information about Dispersible Polymer Powders and their benefits in ETICS and façade coatings
- Information about the latest test methods and Standards

Participants

Technical Manager and R&D Manager with chemical basic knowledge

Benefits

The system, polymer binders and importance for ETICS, requirements and standards, SREP®, Water repellency, impregnation, Practical work on wall.

- Theoretical training
- Practical training in a state-of-the-art lab
- Discussion about the formulation set up and other additives used

Your trainers

The members of our WACKER ACADEMY trainer team are Technical Service Managers who collected specific knowledge and extensive experience during their long lasting work at WACKER.

From their start of the career they have been involved with training and educational activities as well as training norms and guidelines.

Our lab trainers, who are responsible for the practical side of our seminars, have also large experience in developing formulations and test procedures.

Our whole team is working to completely fulfill your expectations and is eager to answer all your individual questions and concerns.

Venue

WACKER ACADEMY, Dubai/UAE
