

WACKER

"E" IS FOR EFFICIENCY:
WACKER E-SOLUTIONS.

CREATING TOMORROW'S SOLUTIONS

CLOSER TO YOU.
AT THE HIGHEST LEVEL.

SAVE TIME. UNLEASH POTENTIAL.

There is no substitute for a trusting conversation between two partners. We have developed an appealing alternative for — on the other hand — erroneous orders, time-consuming standard processes, overflowing inboxes, and notepad jungles: WACKER E-Solutions.

WACKER E-Solutions simplify communications with our customers and suppliers; they also offer a lot of new opportunities: from global searches through optimized ordering to Vendor Managed Inventory. We create a customized service package for every

customer – precisely tailored to a company's size and profile, as well as to a contact person's wishes.

WACKER E-Solutions facilitate growth without increasing overhead costs. "E" thus stands not only for "electronic," but also for "efficiency."

Our service portal is open to all WACKER customers. Larger accounts also benefit from integrated process solutions. No training is necessary; even novices will quickly find their way. You will discover that standard workflows become significantly streamlined and customers save time, as well as money.

Sabine Brosch,
Director E-Business

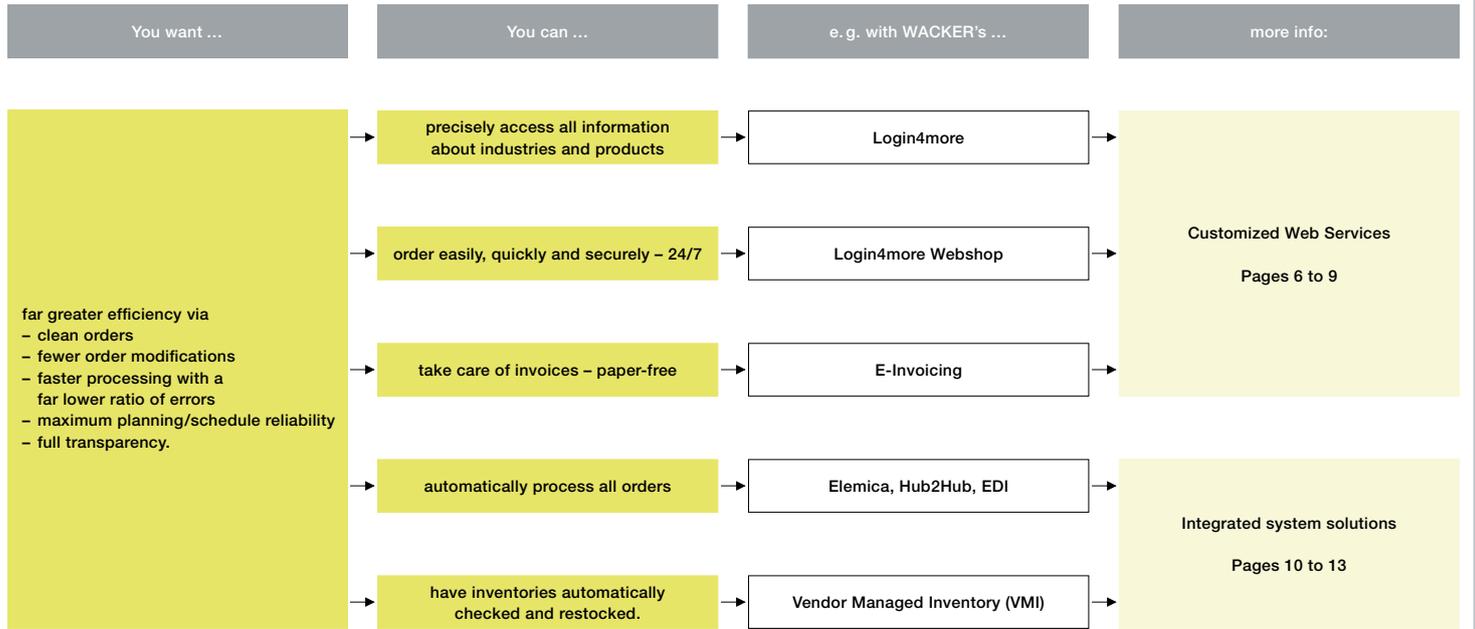

"WACKER E-Solutions offer targeted support wherever people might make mistakes. But they don't replace people; on the contrary, E-Solutions bring the appropriate contacts even closer together. Our partners value the 'direct line' to our specialists in R&D, in Supply-Chain Management, in Sales Support, and Technical Customer Service."

FORESIGHT FOR THE FUTURE. WACKER E-SOLUTIONS.

Efficiency is production's top priority. Every gram and every second counts when it comes to reducing expenditures and increasing revenue. A great deal of potential remains with regard to administrative processes, however. WACKER E-Solutions can considerably boost management efficiency, too.

Overview: WACKER E-Solutions

CLOSER TO YOU.
24/7.

FASTER SUCCESS: CUSTOMIZED WEB SERVICES.

Our service portal automatically simplifies your business. We set up your secure access and provide offers customized to your requirements.

As a result, you can go online at any time to

- **access up-to-date information**
about markets, applications, and products — from the formulation to the data sheet
- **order quickly and securely**
around the clock, seven days a week: in your personalized product catalog, which is automatically monitored and documented in detail; upon request, with paperless invoicing.
- **meet colleagues and experts**
in discussion forums and to collaborate on projects and documents — featuring convenient task/time management.

A PORTAL WHICH TAKES SERVICE VERY PERSONALLY. CUSTOMIZED WEB SERVICES.

Login4more

Your WACKER service portal's homepage not only displays your contacts at WACKER. You can also find all the information important to you, laid out clearly. Key dates concerning your industry, the latest WACKER Group news, as well as direct access to your project/purchasing data.

Login4more links expertise worldwide. We hope that you will actively join our exchange by sharing your questions, ideas, and suggestions. With Login4more, you are directly connected around the clock and around the world — with your contacts at WACKER and all project partners.

Login4more Webshop

We strove to develop online services that offer optimized user-friendliness and a wealth of advantages. After all, people have come to expect nothing less due to their online-shopping experiences.

You can therefore directly enter our webshop via your secure log-in to Login4more. This ensures that the selection of items you see has already been precisely customized just for you. Even the order forms have been tailored.

Our webshop and service portal alike are sophisticated in technology and content. Many WACKER

customers have been working with Login4more for years. First-hand experience speaks for itself, so why not try out our online services?

NICE TO MEET YOU!!

Login4more wacker.com frees you from fixed office hours and the availability of your contact person – keeping you in touch with us wherever and whenever you want. This innovative communications tool spans every applicable WACKER level – from R&D, through procurement and supply chain management, to sales support and technical services. login4more.wacker.com optimizes all in-house business processes, both WACKER and at your company – customized, of course, to your specific needs.

Automated standard processes and electronic data transfer give you fast and easy access to all the data, facts and figures you need about WACKER and its products and services. The synergies that this unleashes streamline your interaction with us – be it in the joint development of new product solutions, the research into special applications or the smooth completion of your online orders!

JOHN'S COMPANY

NEWS

PLAST09: WACKER Unveils New Generation of Silicone Foams

At the PLAST09 International Exhibition for Plastics and Rubber Industries in Milano, Italy, WACKER will unveil new solid silicone foams. These combine low density with excellent compression set. Further product highlights are new liquid silicone and fluorosilicone liquid rubber grades.

CLOSER TO YOU.
EVEN IF YOUR WORLD IS TOPSY-TURVY.

MORE TIME FOR WHAT'S IMPORTANT: INTEGRATED SYSTEM SOLUTIONS.

It is not large challenges which sap the most energy in the workplace, but rather daily routines. Integrated solutions for WACKER customers ease the burden on your employees or relieve them entirely with regard to numerous standard processes. This eliminates a lot of common sources of error and speeds up work-flows. Your team members will enjoy a focused overview to concentrate on essential matters.

We do not believe in one-size-fits-all products. On the contrary, all WACKER E-Solutions are created specifically for you as per your precise requirements.

What's more, as long as your software is up-to-date, you can continue working in the system you know and trust with neither outlays nor changes.

You will be notified in real time about all processes so that you can intervene at any time to execute changes. Integrated WACKER solutions help ensure that your cost-benefit ratio is remarkably positive.

YOU DO NOT NEED TO UNDERSTAND THE TECHNOLOGY. OUR TECHNOLOGY UNDERSTANDS YOU. INTEGRATED SYSTEM SOLUTIONS.

Integrated ordering system

Simple, service-oriented, reliable. You can order in your system just as you always have; Elemica, an international network solution, helps ensure the speedy and secure transfer of your data. Elemica "speaks" your system's language and "translates" your data for our SAP system.

Your order is automatically checked, confirmed, and forwarded; a shipping company is automatically contacted. You can, of course, modify orders after they have been checked. You can also elect to receive an advanced shipping notice as soon as your purchases leave our premises. We also gladly send invoices electronically. Secure and inexpensive – that saves you precious time so that you can, for example, take full advantage of any early payment discounts.

Vendor Managed Inventory

Our Vendor Managed Inventory (VMI) lightens your workload even further on the basis of individually agreed-to processes. Our VMI system will check your inventory – entirely autonomously and at pre-specified intervals. If, for example, a silo's defined minimum level is reached, then a customer order will be triggered automatically. You will receive corresponding notification in real time. Authorized employees can access all up-to-date data at a glance and at any time via a secure online log-in.

Your benefits:

- All defined inventories are always available, which makes expensive express deliveries a thing of the past.
- At the same time, you cut costs which would otherwise be caused by excessive inventories.
- Administrative expenses sink dramatically; errors which can occur during manual ordering are avoided.

All workflows are absolutely transparent and flexible.
You will see for yourself. And you will be thrilled.
WACKER E-Solutions work for you.

"E" IS FOR EFFICIENCY: WACKER E-SOLUTIONS.

As we ascertained at the beginning of our journey through the world of WACKER E-Solutions, there is no substitute for a trusting conversation between two partners. At WACKER, we have believed all along that exceptional service stems not only from excellent organization, ideas, and technology. It is rooted, first and foremost, in our employees' commitment and expertise. Every customer therefore ought to know what awaits them at the other end of the speedy online connection: a real live human being.

You have our word.

Please do get in touch with us. We are happy to make time for you to jointly discuss how WACKER E-Solutions can further boost your efficiency. And establish even closer working relationships between the people who propel your company and our's forward.

You can send us an e-mail to:
