

CAVASOL[®] W7 M

Derivatives

CAVASOL[®] W7 M is standard grade methyl-beta-cyclodextrin from Wacker Chemie AG. CAVASOL[®] W7 M is a low cost highly water soluble amphiphilic beta-cyclodextrin derivative, it is usually the most efficient solubilizing agent, when high water solubility is needed. It is soluble in some organic solvents.

Molecular weight 1310

Properties

- Highly water soluble
- Good solubility in: methanol, ethanol, acetone, pyridine, dimethyl sulfoxide, dimethyl formamide

Technical data

Specification

| Property | Condition | Value | Method |
|-----------------------------|-----------|--------------|---------------|
| Chloride | - | max. 2.00 % | Titration |
| Cyclodextrin content | - | > 95.0 % | calculated |
| Loss on drying | - | max. 7 % | halogen dryer |
| Molar substituiton | - | 1.6 - 1.9 | NMR |
| Unsubstituted cyclodextrine | - | max. 0.20 % | HPLC |
| Volatile organics | - | max. 0.200 % | GC |

General Characteristics

| Property | Condition | Value | Method |
|---------------------|-----------|--------------|--------|
| Melting point | - | 165 - 172 °C | - |
| Solubility in water | 25 °C | 800 g/l | - |

All the information provided is in accordance with the present state of our knowledge. Nonetheless, we disclaim any warranty or liability whatsoever and reserve the right, at any time, to effect technical alterations. The information provided, as well as the product's fitness for an intended application, should be checked by the buyer in preliminary trials. Contractual terms and conditions always take precedence. This disclaimer of warranty and liability also applies particularly in foreign countries with respect to third parties' rights.

Applications

- Architectural Coatings
- Agrochemical Solutions
- Exterior Paints

Application details

CAVASOL® W7 M is a low cost highly water soluble amphiphillic beta-cyclodextrin derivative. It is typically the most efficient solubilising agent, when high water solubility of hydrophobic substances is needed. It is also soluble in some organic solvents.

Packaging and storage

Packaging

Units of 10 kg

Storage

Storage at room temperature in sealed containers under dry conditions is recommended. CAVASOL® W7 M has a shelf life of at least 36 months when stored in unbroken original packaging in dry storage areas. The best use before date of each batch is shown on the product label. Storage beyond the date specified on the label does not necessarily mean that the product is no longer usable. In this case however, the properties required for the intended use must be checked for quality assurance reasons.

Safety notes

Comprehensive instructions are given in the corresponding Material Safety Data Sheets. They are available on request from WACKER subsidiaries or may be printed via WACKER web site <http://www.wacker.com>.
