All the information provided is in accordance with the present state of our knowledge. Nonetheless, we disclaim any warranty or liability whatsoever and reserve the right, at any time, to effect technical alterations. The information provided, as well as the product's fitness for an intended application, should be checked by the buyer in preliminary trials. Contractual terms and conditions always take precedence. This disclaimer of warranty and liability also applies particularly in foreign countries with respect to third parties' rights.

Applications

- Conditioners
- Eye Make-up
- Hair Styling

- Lip Make-up
- Make-up Foundation
- Skin Care
- Sun Care

Application details

The main applications of this silicone wax is in Skin Protection, Skin Care, Sunscreens and Decorative Cosmetics. In Skin Care products, it improves the formulation efficiency and provides a soft, non-sticky skin feel. The BELSIL® CM 7026 VP forms an occlusive film, which reduces trans-epidermal water loss (TEWL).

It's high substantivity, improved water resistance and moisturizing properties make this alkyl-functional silicone wax an indispensable component of sunscreen products and decorative cosmetics, such as Lipstick, Mascara and Foundation.

Packaging and storage

Storage

The 'Best use before end' date of each batch is shown on the product label.

Storage beyond the date specified on the label does not necessarily mean that the product is no longer usable. In this case however, the properties required for the intended use must be checked for quality assurance reasons.

Safety notes

Comprehensive instructions are given in the corresponding Material Safety Data Sheets. They are available on request from WACKER subsidiaries or may be printed via WACKER web site <http://www.wacker.com>.
