

Biologics (Wacker Biotech)

Services

Wacker Biotech is "THE MICROBIAL CDMO" – your partner of choice for process development and commercial manufacturing of therapeutic proteins, vaccines and Live Microbial Products. Wacker Biotech's integrated service portfolio covers molecular biology, process- and analytical development as well as GMP manufacturing of biologics for clinical and commercial supply. Our outstanding E. coli technologies can significantly increase the bioprocess efficiency and thereby reduce the cost of goods.

We produce with manufacturing lines with a capacity of up to 1,500L to flexibly serve our clients, ranging from small biotechnology companies to big pharmaceutical corporates.
