CAVAQ10® CoQ10 Complex

Cyclodextrins & Complexes

CAVAQ10® is a highly bioavailable coenzyme Q10 powder with improved dispersibility in water. Coenzyme Q10 itself is not soluble in water and has low bioavailability. WACKER offers an excellent solution for increasing the bioavailability of hydrophobic health promoting ingredients by complexation with cyclodextrins. CAVAQ10® is an inclusion complex of natural ubiquinone with CAVAMAX® W8 gamma-cyclodextrin. As a powerful antioxidant it brings a wide range of health benefits for various functional food and dietary supplement applications.

Ingredients:
- Gamma-cyclodextrin (CAVAMAX® W8 Food, CAS 17465-86-0)
- Coenzyme Q10 (CAS 303-98-0)

Properties
- Highly bioavailable
- Easily dispersible
- Sustainable plant-based raw materials
- No allergen labeling required
- Vegan

Applications

- Support Heart Health
- Dietary Supplements
• Increase Bioavailability
• Boost Sports Performance

Application details

As a well-known powerful antioxidant, coenzyme Q10 is a popular ingredient in various dietary supplements and functional food products. With its superior bioavailability and dispersibility, CAVAQ10® CoQ10 Complex from WACKER offers unique advantages in comparison to common Q10 ingredients.

Packaging and storage

Packaging

Units of 10 kg

Storage

Storage at room temperature in sealed containers under dry conditions is recommended. CAVAQ10® CoQ10 Complex has a shelf life of at least 24 months, if the product stored in the tightly closed original containers in a dry and cool place. The best use before date of each batch is shown on the product label. Storage beyond the date specified on the label does not necessarily mean that the product is no longer usable. In this case however, the properties required for the intended use must be checked for quality assurance reasons.

Safety notes

Comprehensive instructions are given in the corresponding Material Safety Data Sheets. They may be printed via WACKER web site http://www.wacker.com.
