

# WACKER® SG 3303

## Functional Silicone Fluids

WACKER® SG 3303 is a polyalkylene oxide modified polydimethylsiloxane designed to provide the user with a combination of uses not possible with conventional organic surfactants. WACKER® SG 3303 can be used in aqueous and nonaqueous systems. It is effective at levels as low as 0.01%. WACKER® SG 3303 has low toxicity, thus is environmentally safe. WACKER® SG 3303 is suitable in numerous applications, including: inert ingredient for growing and harvested crops, additive for printing inks to provide flow and levelling, good wetting, lubricity, gloss enhancing, static suppressing, and antifoaming properties.

## Technical data

### General Characteristics

Property	Condition	Value	Method
Solid content	-	100 %	-
Viscosity, dynamic	25 °C	200 cP	-
Appearance	-	Clear to slightly hazy	-
Cloud point	-	< 10 °C	-
Dispersibility	-	Water	-

These figures are only intended as a guide and should not be used in preparing specifications.

All the information provided is in accordance with the present state of our knowledge. Nonetheless, we disclaim any warranty or liability whatsoever and reserve the right, at any time, to effect technical alterations. The information provided, as well as the product's fitness for an intended application, should be checked by the buyer in preliminary trials. Contractual terms and conditions always take precedence. This disclaimer of warranty and liability also applies particularly in foreign countries with respect to third parties' rights.

## Applications

- Paints, Coatings, Inks

- Chemical Industry
- Wetting Agents

## Packaging and storage

### Storage

WACKER® SG 3303 has a shelf life of at least 6 months if stored in originally sealed containers at 25 °C or 70 °F. The "Best use before end date" of each batch is shown on the Certificate of Analysis. Storage beyond the date specified on the Certificate of Analysis does not necessarily mean that the product is no longer usable. In this case however, the properties required for the intended use must be checked for quality assurance reasons.

### Safety notes

For specific information regarding safe handling of this material, please refer to the Safety Data Sheet.
